

# Bid faster. Win more.

Streamline your bidding process—making it easier to create, send, and collect bids all in one platform.

## — 25 WORD DESCRIPTION

Procure Bid Management equips general contractors, owners, and subcontractors with tools to send invites, track coverage, manage documents, and collect bids in order to streamline their bidding process.

## — 50 WORD DESCRIPTION

Procure Bid Management equips general contractors, owners, and subcontractors with tools to send invites, track coverage, manage documents, and collect bids in order to streamline their bidding process so they can quickly define cost to execute successful projects. Save time and resources by managing your bidding projects all in one place.

## — 100 WORD DESCRIPTION

Procure Bid Management equips general contractors, owners, and subcontractors with tools to send, track, and collect bids in order to streamline their bidding process so they can quickly define cost to execute successful projects. Save time and resources while maintaining data integrity by managing your projects from bid to contract all in one place.

- + **Simple:** Create and send out bid invitations within minutes.
- + **Engaging:** Drive more bid submissions with an engaging public Planroom experience for your subcontractors.
- + **Connected:** Seamlessly transition your projects from preconstruction to course of construction in a single platform.
