

# Let's Build Together!

The Construction Coloring and Activity Book

**PROCORE**<sup>®</sup>

People say that when you become a parent, you don't really know what you're getting yourself into. That sentiment seems particularly true recently. This global pandemic has redefined life as we know it. And, for the time being, it has changed what it means to be a working parent.

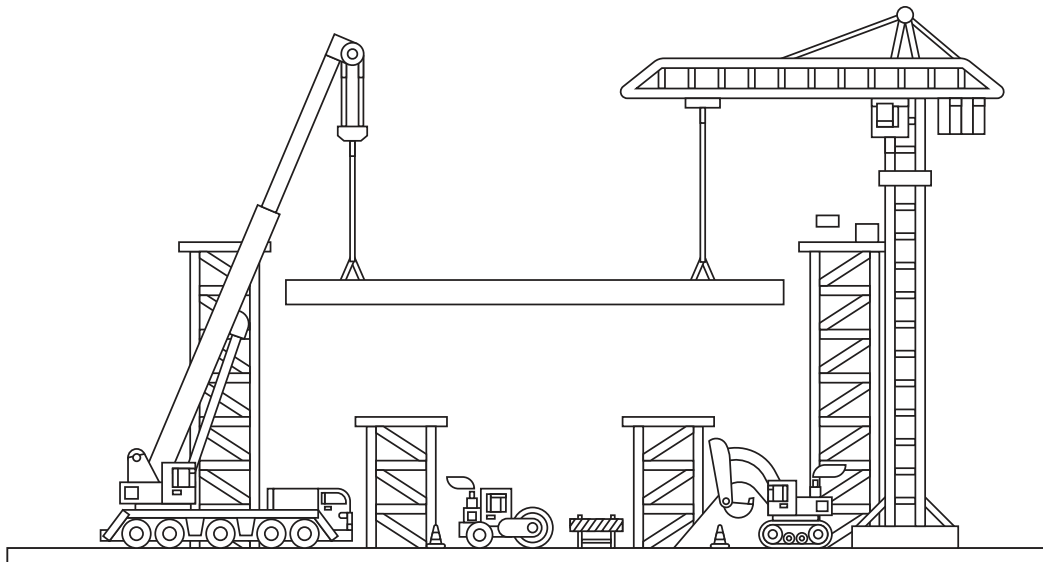

On one hand, we get to spend so much more time with our kids. And on the other hand, we get to spend so much more time with our kids.

I know the challenge of raising a family during this time can be pretty stressful. So many of the people who work at Procore are parents, too. We put together this activity book because we know the therapeutic value of seeing your kids engaged and happy. To have their masterpiece featured on Procore's social media accounts, tag us @ProcoreTech and use the hashtag #ProcoreMasterpieces.

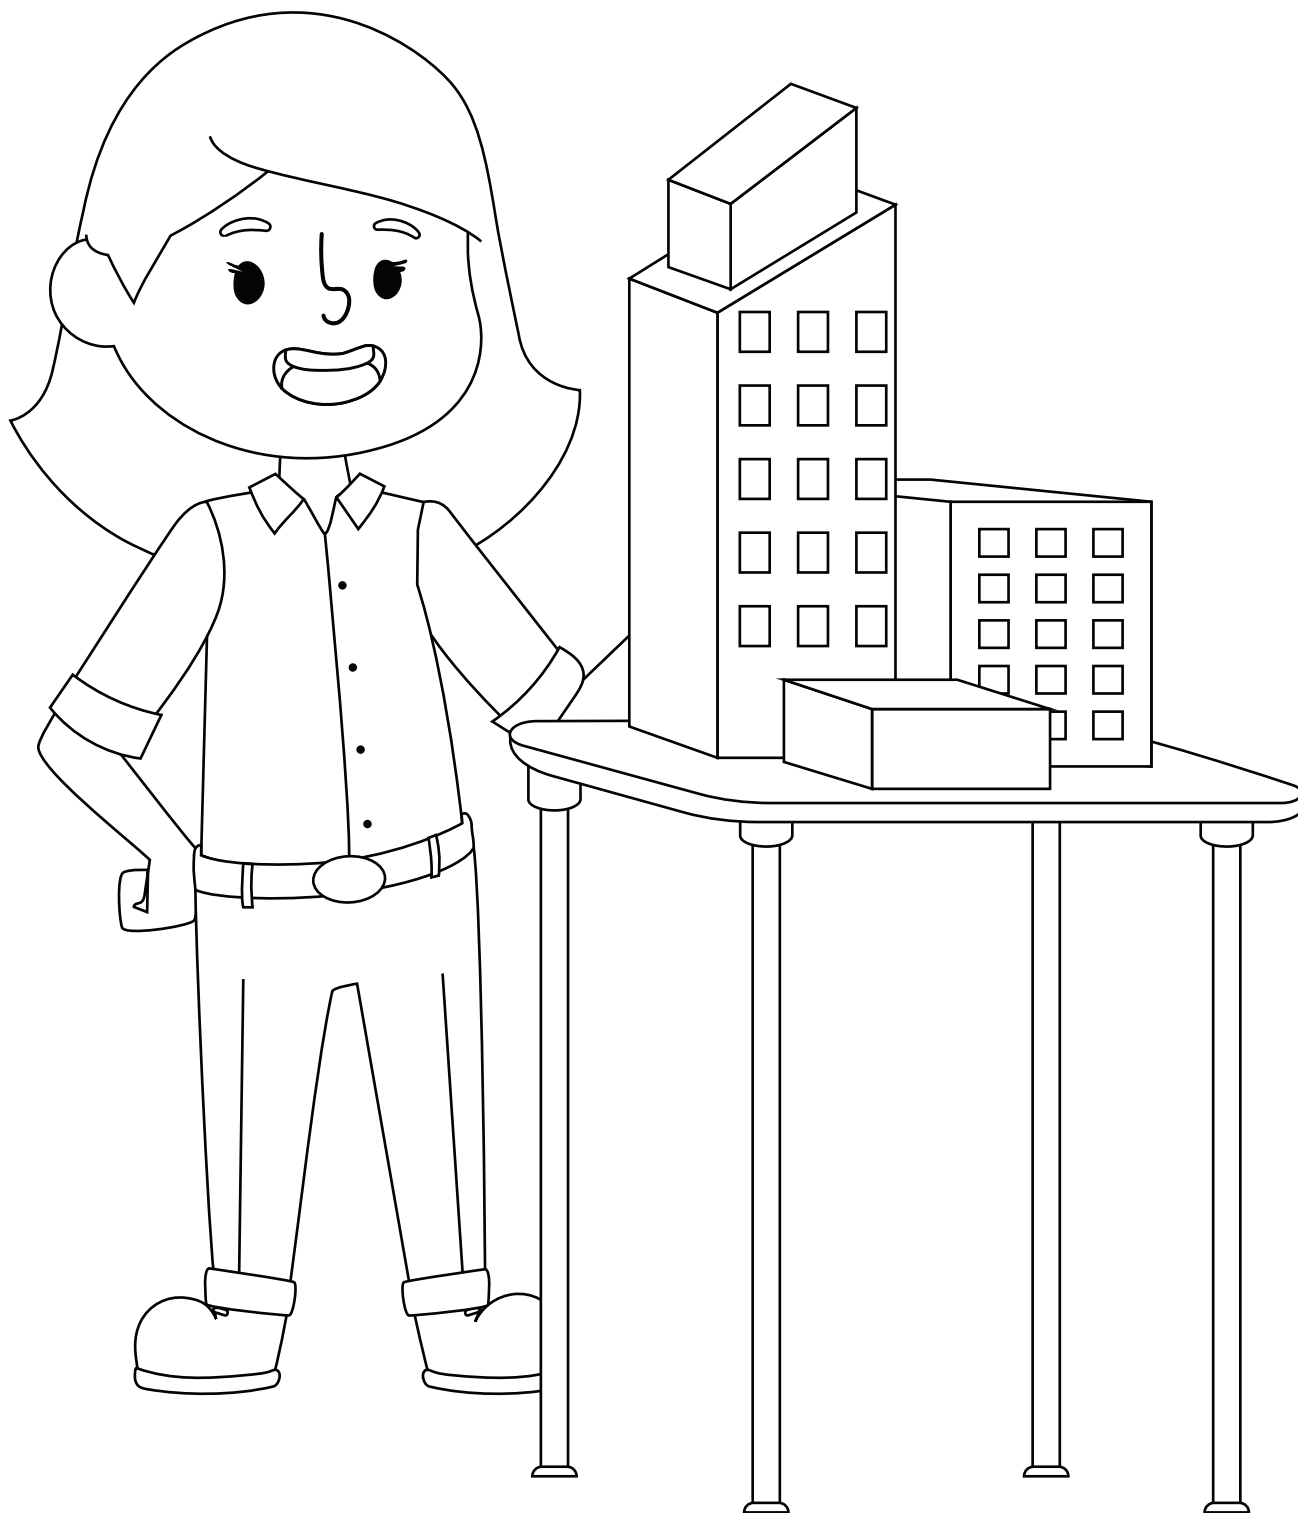

I hope this serves as a small reminder that no matter what we face in the coming months, there will always be time for imagination and fun.

Our vision is to improve the lives of everyone in construction.  
We hope this book is a small part of achieving that.

Procore manages your projects, resources, and financials from project planning to closeout. Our platform connects every project contributor to solutions we've built specifically for this industry—for the owner, for the GC, and for the specialty contractor. Procore helps you eliminate silos and establish a single source of truth. It's how everyone on your team knows what to do to get their job done.
