# Corporate Fact Sheet

About Procore

Procore Technologies, Inc. (NYSE:PCOR) builds software for the people who build the world. We're deeply committed to partnering with the industry to advance, evolve and elevate construction as a business, a craft, a career and a driver of innovative excellence. With a focus on providing timely and accurate data for all, Procore transforms the construction industry one project at a time - from hospitals and skyscrapers to airports and stadiums. Beyond its connected, innovative technology, Procore empowers the industry and its communities through Procore.org. For more information, visit **www.procore.com.**

Company Impact

+ **Mission:** Connect everyone in construction on a global platform.

+ **Vision:** Improve the lives of everyone in construction.

+ **Values:** Openness, optimism and ownership

+ **Procore.org:** We offer resources to the construction community, including certified continuing education courses, training programs, online content libraries and free software to universities, trade unions and nonprofits.

+ **Women in Construction:** We provide an online community group for women and allies to connect, as well as host top industry experts for articles, webinars and live events.

+ **DEIB:** We're on a mission to connect construction and technology to the tools, resources and community we need to build a more inclusive and diverse future.

+ **ESG:** Read Procore's 2022 Environmental, Social and Governance (ESG) Report
