Re: **Groundbreak 2022 Construction Conference Proposal**

I would like to attend Procore's conference, Groundbreak, in New Orleans, LA, November 7-9, 2022 as an investment in my career and the future of our company.

For 3 days, this conference provides:

- + Hours of continuing education and 70+ sessions on: Digital Transformation, Labor Shortage, Supply Chain & Materials, Health & Safety, Sustainability & ESG, Diversity, Inclusion & Belonging, and more.
- + Best practices and techniques from top industry leaders.
- + Opportunities for me to get specific, technical questions answered by Procore experts.

Over 4,000 professionals across the industry will be in attendance and the networking opportunities are essential as we maintain and grow our business. It's important that we keep up with industry advancements, and that we understand how we can leverage our resources to keep up with our peers.

Here are the cost details:

- + Registration: \$ USD, through (date)
(please note, prices will continue to rise as we get closer to the event. Buying early will save us money.)
- + Hotel: Three nights (ranging from \$200-\$300/night)
- + Transportation: \$
- + Meals and nightly entertainment are taken care of in the registration price.

Thank you,
