

Reduce Risk.

Assess a company's risk, put together a plan, and invite them onto your projects—all on one platform.

— 25 WORD DESCRIPTION

Procore Prequalification allows companies to manage their entire qualification process from sending forms, reviewing data, to approving or denying submissions all in one platform.

— 50 WORD DESCRIPTION

Procore Prequalification allows companies to manage the entire qualification process from creating and sending forms, reviewing financial, safety, and insurance information, to approving or denying submissions. Assess company risk, put together a plan, and invite them onto your projects, all in one platform.
